1. Palm trees were trimmed the week of January 4th
2. Shrubs were sprayed for pest control and lawn mowed the week of January 11th
3. Turf weed control will be sprayed week of January 18th
- 4 Fertilization and mowing the week of January 25th
5. ArtisTree submitted a bid of \$75 each to remove large White Bird of Paradise plants.
6. Palm Trees: Received \$4675 from TM to remove and replace the dead palms. The area behind D pond will be cleaned and dead palms removed. At this point the replacement palms will be planted in owner's area where their palms have died. Total 19 cabbage palms, 1 live oak and 3 windmill palms to be planted. Windmill palms in the front entrance. The owner with the dead oak will be asked if he wants it replaced or just removed. It may be an issue with the placement so close to driveway. Ginger to update the bid and submit to Judy.
7. Ginger was requested to remove the dead brush at the back gate. Ginger to submit a quote.
8. Additional sod is needed at the front monument. Ginger to submit a quote.
9. Board approval is needed on the bid submitted by ArtisTree to maintain the Irrigation system. Control of the irrigation system allows ArtisTree to extend the turf warranty program
10. ITS has checked, corrected, and flagged all zones.
11. Ginger to trim the trees and clean up brush behind homes on Terracina that back up to the pond and the preserve on the east side. A 6 foot buffer needs to be maintained. (lots 163-171)
12. Ginger to work up a quote to limb up the trees. Territory to be broken into 3 areas. (Common area, villas, and single family homes) Start with the trees along Jacaranda and E. Venice Ave.
13. Final sod replacement quote to Rhonda
- 14 Request Rhonda to send out an email to all home owners that all calls should go directly to Lighthouse Mgmt. so that a work order can be tracked and followed up on, No direct call to ArtisTree.
15. Michele is almost finished with the list of plants, bushes and trees that the board can approve for future replacement of TM Supplied landscaping.
16. It was again mentioned that no new plantings should be put in until Ginger has inspected the grounds and determined that the bugs and mold and diseases have been treated.
